

Annual Work Plan Booster Workshop- By Vivek Srivastava

Annual Work Plan Booster Workshop

Purpose of Workshop

Our uncertain work environment leaves our management Team in lurch, which results in low productivity and poor work Satisfaction. To avoid this low productivity we make our annual work plan, but most of the time executive members are not able to make a plan without overlapping and missing some work, which becomes a burden for organization and creates Critical Fire Fighting situations in organization.

This workshop is intended to raise performance level through guided self analysis of KRA and KPI for Management professionals. This workshop has Unique feature of creating a realistic Annual work plan.
